Dear Prospective Harriston ELC Parent/Guardian,

Firstly, we would like to thank you for choosing the Harriston Early Learning Centre as a prospective learning institution for your child/ward. We are hopeful that he/she will gain acceptance into our school and join the Harriston Family.

This letter serves to inform you a little bit more about the ELC and what it includes.

The Harriston Early Learning Centre is committed to providing high-quality education to learners in order fully to prepare them for Grade 1 and "Big School!" It provides a safe and nurturing environment while promoting physical, social, emotional, and intellectual development of young children. Harriston is a member of the Independent Examinations board (IEB) and the Independent Schools Association of Southern Africa (ISASA). This means that the school, and the programme it follows, is quality assured to be of the highest standards.

Our philosophy:

The Harriston Early Learning Centre is founded on the philosophy that children, their families and society benefit from high quality early childhood programmes. We believe that there is a critical link between a child's early experience and later success in life.

We believe that children need time to be children and time to experience their environment through play. Teaching is the art of providing young children with an environment which encourages active exploration and discovery. Projects are planned, yet responsive to individual needs and environmental changes. Opportunities are provided for children to take responsibility, make decisions and learn through play.

A child's positive self-image must be the foundation of all curriculum development in early childhood. A unique world view filtered by individual experience is brought to school each day by each child. The teaching staff is sensitive to this and how it determines the learning of the individual.

Children experience the world with all their senses, so activities are selected to be creative, to stimulate curiosity and challenge each child.

Our programme includes:

- ☞ Preparation for Literacy and Numeracy using Ten Town and Letterland.
- ☞ Planned learning activities appropriate to children's age and development, such as block building, painting, story time, dress up and active play.
- ☞ Occupational Therapy (Grades RR and R)
- ☞ Music
- ☞ IT (Grade R)
- ☞ Gross motor development
- ☞ Ongoing evaluation

- ☞ Theme related field trips

<i>Grade</i>	<i>Class Name</i>	<i>Age</i>
3R	Elephant 	Turning 4

Please note that this fee is **separate** from the application fee (R600).
